

Blocking of the middle septal fascicle: synonymy found in the literature

Dr. Andrés R. Pérez Riera

1. Left Septal Fascicular Block (LSFB) (Nakaya 1978; Dabrowska 1978; Moffa 1996; Sakai 1996; MacAlpin 2002-2003; Uchida 2006; Riera 2008-2008-2008-2011; Pastore 2009; Perrin 2012; Sun 2014; Ibarrola 2014).
2. Focal septal block (Athanasopoulos 1979)
3. Septal focal block (Gambetta 1973)
4. Left parietal septal block (De Micheli 1976; Alboni 1980);
5. Septal fascicular conduction disorders of the left branch (Magnacca 1988);
6. Left septal Purkinje network block (Iwamura 1978; Nakaya 1981)
7. Left anterior septal block (Moffa 1982);
8. Anterior fascicular block (Alboni 1979);
9. Subdivision block of the LBB (Nakaya 1981; Inoue 1983)
10. Left median hemiblock (De Pádua 1976-1978)
11. Middle fascicle block (Alboni 1977)
12. Antero-Medial Divisional Block (AMDB) (Moffa 1997);
13. Antero-medial division of the LBB of His (Tranchesi 1979)
14. Block of the anterior median branch of the left bundle of His (Georgiev 1986; Tranchesi 1979; Moffa 1997)
15. Blocking of the anterior-medial ramulus (Georgiev 1986)
16. Anterior conduction delay (Hoffman 1976; Reiffel 1978; Hassapoyannes 1991)
17. Intraventricular aberrant conduction (Cohen 1967-1968; Iwamura 1976; Kullbertus 1976)
